MILESTONES

Celebrate your child's journey with milestone sessions! Whether capturing their first year of growth or updating their portraits each birthday, these sessions beautifully preserve the moments you'll want to remember forever

EACH COLLECTION INCLUDES:

- *Up to a 60 minute session*
- *2 outfit changes for a total of 3 different looks*
- *Digital delivery of 10 professionally edited full resolution images*
- *Online gallery of 15+ proofs to select your final images*

If you find yourself loving more images than included, additional images are always available for purchase

SIMPLE WHITE: ~\$375~

This session takes place in my West Islip, NY studio and is designed to beautifully capture your little one in a simple and timeless way. Using a clean white backdrop and soft, neutral-toned or wooden props, the focus remains entirely on your child's sweet features and personality. Think airy, minimal, and classic, perfect for images that will never go out of style and match any decor. Babies under 1 are photographed sitting or lying comfortably, based on their age and physical capabilities (i.e. tummy time, sitting, etc.). For birthday milestones, I include a foil number balloon in your color choice to add to a few images. White, light, or neutral-colored clothing is recommended to maintain the soft and cohesive aesthetic of the session.

-Parent or sibling image can be added for \$95 with 2 additional digital images included-

-Family image can be added for \$150 with 3 additional digital images included-

THEMED OR OUTDOOR: ~\$425~

The themed in-studio session is designed to celebrate your child with a personalized touch that reflects the things they (or you) love most. Whether it's a favorite sport, beloved character, or another special theme/aesthetic, I'll create a setup that brings your vision to life in a memorable way. Babies under 1 are photographed sitting or lying comfortably based on their age and abilities (i.e. tummy time, sitting, etc.). Each session includes a thoughtfully styled setup featuring themed props and accents while still keeping the focus on your child. For birthday milestones, age appropriate numbers or props can be featured. Outfits that coordinate with the chosen theme are recommended to create a cohesive and polished look in your gallery.

Outdoor sessions take place at a location of your choice and include up to 20 minutes of travel from West Islip, NY. Props may be incorporated to enhance your experience and tie in a theme or birthday milestone if the location permits.

-Parent or sibling image can be added for \$95 with 2 additional digital images included-

-Family image can be added for \$150 with 3 additional digital images included-
